INTRODUCTION

ZHEJIANG SANTIAN FILTER CO., LTD. is a professional manufacturer specializing in the development, production and sales of oil filters, fuel filters and air filters. Our products are widely used in engineering machinery, heavy-duty vehicles, agricultural machinery, trucks, passenger cars, ships and generator sets.

Founded in the 1990s, the company covers an area of more than 20,000 square meters and is equipped with advanced manufacturing and testing facilities. With experienced technical teams, strict quality management and responsive after-sales service, we provide reliable filtration products to customers worldwide.

Our products are manufactured under strict quality control and have been recognized by customers in Southeast Asia, Europe, America and other international markets for stable quality, reasonable prices and dependable service.

Santian actively promotes industry-university-research cooperation and has established a joint R&D center with Zhejiang University. We continue to improve filtration performance and develop innovative products to meet changing market needs.

We always adhere to the principles of professional quality, reasonable price, timely delivery and sincere service, and we look forward to creating long-term value with customers around the world.
